

SQM (Beijing) at CAC 2017

For the third time, SQM Beijing attended the China International Agrochemical & Crop Protection Exhibition (CAC) 2017, held every March in Shanghai, China. The event it has become the world largest agrochemical exhibition and the most important exhibition for agriculture business in China. CAC serves as world's main one-stop platform for agrochemical trade, exchange and cooperation involved in pesticides, fertilizers and seeds. On behalf of SQM, SQM (Beijing) participated from 1st to 3rd March, 2017, promoting SQM brand position and product portfolio, also gathering customers asking for technical information and advice.
